WORKSHOPS

Judith King
Steps to Freedom in Christ

This session is a workshop in which Judith King teaches how to walk someone through deliverance. Focusing on the Word of God, which is what, sets people free, Mrs. King reveals the deception of the enemy and the steps needed to bring people from darkness and bondage of disease to freedom in Christ and divine healing. These steps include: Counterfeit v. Reality, Deception v. Truth, Bitterness v. Forgiveness, Rebellion v. Submission, Pride v. Humility, Bondage v. Freedom, and Curses v. Blessings.

One can expect practical training and a Bible-centered process for freedom in Christ. This message of Freedom in Christ is integrated with excellent professional mental health to bring balance and rely completely in the power of the Holy Spirit and the name above all names, Jesus.

Sam Dewald

Divine Healing - The Greatest Tool for the End Time Harvest

Jesus healed when He walked the earth, and He continues to heal today. It was through the miracle healing ministry of Peter and Paul multitudes came into the Kingdom.

Great moves of God in the history always came as a result of prayer and it often coupled with God moving with healing power resulting in great harvests. More than ever the world especially the young generation is waiting to witness the authenticity of the power of God through the Church. The healing wells are being re-dug and God is restoring the healing anointing to the Church. God is breaking through denominational barriers and restoring the healing ministry to the body of Christ. Every believer has the authority to heal the sick; we must take the rightful place to bring in the great end time harvest.

Dr. G. Luepnitz

Part 1 & 2: Health, Medicine and Diet

Healthy practices in the physical realm have effect in the spiritual realm. Through God's word and knowledge He has provided to men, we have rich resources to have a better and more balanced stewardship of our bodies. Divine healing can be obtained by taking heed of all that God has provided—including health, medicine and diet. Balance and wisdom are keys to a healthy life following Christ.

John Hatcher, Jr.

History of Healing in the Church

Healing in the church has been studied by medical and ecclesiastical historians throughout time. The relationship between healing and the church has been an involved and close one. When Jesus said, "*Heal the sick, cleanse the lepers, raise the dead*" and his disciples obeyed, the church was birthed. The serendipitous, but intricately planned by God, marriage between healing and the church grew as God continues to pour his healing power over His children. Since the earliest relationship between the two, both are imperative to each other.

Dr. Sandra Kennedy **Applying Healing**

Learning how to apply the Word of God for healing is vital. Healing is for the physical body, our emotions and thought processes. By addressing all three areas of our lives one can expect complete healing when the Word of God is applied to the whole man. Balance is essential to a healthy spiritual and physical life and it can be attained only by applying God's Word. Join this workshop as we go deep into the Word of God. Gain understanding in how to apply the Word of Truth to your situation in order to see healing and wholeness!

Dr. Sandra Kennedy **Healing Explosion**

God tells us in Mark 11:24, *"Therefore I tell you, whatever you ask for in prayer, believe that you have received it, and it will be yours."* This workshop will take the Word of God and show the process to release faith in order to experience the healing power of God. See God glorified as this teaching is followed by demonstrations of healing and miracles.
